

DRUM & PAIL OPENERS

Drum wrenches and pail openers always seem to be somewhere else when you need them. Keeping a spare in a secure location can help save time and money. The Universal Drum Wrench and Heavy-Duty Pail Opener combine durability and flexibility because they are made from high strength materials and can be used to open nearly every style of drum and pail on the market. With the discounted pricing below, adding a spare is now a very cost effective option. Please contact your local JSA technical sales & service representative for more information, product demonstrations and availability. Thank you.

» Features & Benefits

UNIVERSAL DRUM WRENCH

- Solid ductile iron one piece construction
- Fits virtually all steel, plastic and fiber drum closures & plugs
- Wrench length - 15.5"
- Shipping weight - 4.5 lbs.
- Not for use with flammable materials

HEAVY-DUTY PAIL OPENER

- Solid steel construction with plastic handle grip for increased leverage
- Opens all Non-UN plastic and steel pails
- Highly versatile tool - curved end hook opens steel pail lugs; opposite end reseals lugs
- A cutter is built into the tool for cutting through the slits on some plastic lids.
